SUPERIOR FERTILIZERS

For the Lawn, Garden or Farm

(The Name **ANDORRA** guarantees the quality)

CANADA UNLEACHED HARD-WOOD ASHES (ANDORRA BRAND)

Are a complete fertilizer, replenishing worn-out soils, and, for the lawn or pasture, are economical and valuable. For the lawn, they are easy to handle, produce no offensive odors, are not unsightly, and, quickly leaching into the soil, the chemical properties are at once available for plant food.

Our ashes are selected only from the hard-wood districts of Canada, are carefully screened, and put in convenient packages. Apply at the rate of 1,000 to 1,500 lbs. per acre for top-dressing, or 2,000 to 2,500 lbs. for new lawns.

PREPARED LIME

Where soils, from constant applications of manure, are sour and need a fertilizer to sweeten them, lime is a valuable agent. It quickly puts the soil in condition to assimilate plant-food. It frees the potash, phosphoric acid and nitrogen already in the soil, and turns the nitrogen into the rich nitrates valuable for plant use.

Our prepared lime is fresh from the kilns, clean, well burnt, thoroughly decarbonized and especially prepared, so that it will go three times as far as the lump lime generally used, and is fine enough to run through a drill. Use 500 lbs. per acre.

POTASH AND PREPARED LIME

Where potash is needed in addition to lime, this preparation will be found valuable. It contains 4% actual potash, equal to 8% of sulphate of potash, the prepared lime being used as a filler, and makes a valuable top-dresser for lawn, pasture, or grass lands. Apply at the rate of 500 lbs. per acre.

PEAT We have on hand a stock of carefully selected peat, suitable for potting or planting Rhododendrons and shrubs that need such soil. Sack of, about 100 lbs., 75 cts. In sacks, \$13.50 per ton.

SPHAGNUM MOSS

An excellent quality on hand. Large bales, \$1.75 each.

Andorra Nurseries

CHESTNUT HILL, PHILADELPHIA, PA.

OUR NURSERIES are extensive, covering six hundred acres, of which over three hundred are planted with trees and shrubs. They are easy of access, as Chestnut Hill is the terminus of branches of the Pennsylvania and the Philadelphia & Reading railroads, and the Chestnut Hill (City Line) trolley runs from the stations to within three minutes' walk of the Nurseries.

QUALITY.—The trees and shrubs offered are grown in open, unsheltered ground, in a very exposed situation, which insures their hardiness, and on soil admirably adapted for forming robust plants having an abundance of roots. Special attention is called to the fact that our stock is grown a good distance apart in the rows, insuring heavier trees and shrubs than are generally offered.

QUANTITY.—Lots of 5 and 50 will be furnished at the 10 and 100 rates respectively.

STOCK SELECTED by customers at the Nurseries will be charged for at advanced rates, according to the value of the trees chosen.

SHIPPING SEASON opens about March 1 in the spring and August 15 in the fall.

INSECT AND FUNGOUS PESTS.—A certificate of inspection will be sent with each shipment. Stock will be fumigated when requested, unless your state law requires it, in which case all stock will be treated before shipment.

ORDERS.—Write plainly and give explicit directions as to address and mode of shipment; otherwise we will forward according to our best judgment. Orders will be filled for any amount. Small orders receive careful attention.

FORWARDING.—The utmost care will be used and all orders thoroughly packed. We recommend all herbaceous plants to be shipped by express, but will forward all orders as directed. When without instructions, we will use our judgment and ship by best route.

PACKING CHARGES are made at actual cost on all orders except when cash accompanies order; then goods are packed free as a cash discount.

RISK.—All goods are at purchaser's risk after they are delivered to the forwarding companies and we receive their receipt for the shipment in good condition.

CLAIMS, to receive consideration, must be made within five days after receipt of goods. Claims for damage in transit must be made to the company delivering the goods, and should be presented promptly.

GUARANTEE.—All stock is guaranteed true to name and in good condition when shipped. Any plant proving untrue to name will be replaced. We give no guarantee of the life of stock.

TERMS, CASH WITH ORDER, except to such persons as satisfy us as to their responsibility.

OUR CATALOGS

THE ANDORRA HANDBOOK. Planters who desire a complete descriptive list will be supplied with our Handbook of Trees and Plants for 50 cents, which will be credited upon their first purchase amounting to \$5.

ANDORRA'S HANDBOOK will serve as a standard guide, being up-to-date in nomenclature, and containing conservative descriptions of a vast list of trees and plants, with hints on planting, pruning and caring for them. It is illustrated and fully indexed.

PRICE-LISTS are issued semi-annually. Owing to our large output, and the changes in sizes of stock by reason of each season's growth, frequent revisions of the **PRICE-LIST** are necessary, to keep customers thoroughly posted on the stock we offer. You are always sure your order will be filled if you find the items in the current season's **PRICE-LIST**.

MORE SPECIALTIES, a booklet of 32 pages, describing and illustrating a large number of very choice things for the country home. That it has already run through three editions shows its popularity.

BOOKLET No. 27, BEAUTIFUL LAWNS. This little pamphlet treats of Lawn Fertilizing, and its eight pages should be carefully read by all interested in having a good lawn.

BOOKLET No. 28, BOXWOOD. For formal gardens and in connection with architectural effects, **BOXWOOD** is now absolutely necessary. This booklet shows the different forms we offer.

BOOKLET No. 30, HINTS FOR SUCCESSFUL PLANTING. Does not aim to cover every point that may arise, but it gives the principles in such a way that any one, by following its directions, can secure the best results.

BOOKLET No. 33-26, A CALENDAR OF HARDY PERENNIALS. with special lists of Iris, Phlox, Peonies and Chrysanthemums. This little booklet gives a complete list of Perennials, and shows in tabulated form their height, color, and months of bloom; invaluable to those planning herbaceous gardens.

A Word About Prices

In considering our prices, comparing them with others,

REMEMBER

the lowest-priced plants are not always the cheapest, because "cheapness does not consist of what you pay, but what you get for what you pay,"—and that substantial

ANDORRA-GROWN PLANTS

produce immediate effects and save valuable time, which is of more importance than the cost. We want you to remember our plants
